

## Hard Rock Mine of the Year

Recognising a hard rock mine that is performing well or has carried out an innovative project or program.

Please list the mine/project name (as it should appear in marketing and communications).

1. Provide examples of mine performance trending up from the period 1 January 2019 until point of nomination (mines will not be points-penalised for any drop in performance during the time period encompassing COVID-19, however demonstrating strong performance through this period will be beneficial to the nomination). (50 points)
2. Explain any new projects or initiatives undertaken by the site from 1 January 2020. (20 points)
3. Provide examples of demonstrable success of these initiatives. (30 points)
