

## Discovery of the Year

Celebrating a significant discovery at either a greenfields or brownfields site. Discovery must have been made or recognised as significant for the broader Australian industry within the two (2) year period of the nominations' closing date.

Please list the mine/project name (as it should appear in marketing and communications)  
Please provide a brief nomination summary, which will be used in any marketing (100-150 words).  
When was the discovery made or recognised by broader industry as significant?

1. Describe what makes the discovery significant. (50 points)
2. Explain how the discovery will create new opportunities for the company that made it, i.e. creation of new jobs, economic benefits, investment opportunities, new market access. (50 points)
