

Excellence in Mine Safety, OH&S

Recognising a mine, company, or project that has developed or carried out a program that increased safety, removes risk, or cuts worker issues on a project or mine. The program must have been implemented/undertaken within two (2) years of the nominations' closing date.

Please list the program name (as it should appear in marketing and communications).
Please provide a brief nomination summary, which will be used in any marketing (100-150 words).
When was the program implemented?

1. Explain how this project differs from others available across the industry. (40 points)
2. Provide examples of measurable success that the program has achieved since implementation. (60 points)
