

## Innovative Mining Solution

Recognising a mine, company, or project that has developed a unique mining solution. The solution must be new to market, or make significant changes or improvements to an existing solution, within two (2) years of the nominations' closing date.

Please list the solution name (as it should appear in marketing and communications).  
Please provide a brief nomination summary, which will be used in any marketing (100-150 words).  
When was the solution introduced to the market?

1. Explain how this solution is superior to others that may provide the same outcome, such as by showcasing how the solution improves at least one of the following: productivity, efficiency, safety, cost-savings. (60 points)
2. Include a case study or practical example demonstrating success at an Australian mining or minerals processing operation. (40 points)
