

Mine Project Success of the Year

Recognising a significant engineering and/or contract mining project that has been undertaken on a mine site. The project must have been undertaken/implemented within two (2) years of the nominations' closing date.

Please list the project name that is the focus of the nomination (as it should appear in marketing and communications).

Please provide a brief nomination summary, which will be used in any marketing (100-150 words).
When were the project or services delivered?

1. Explain the services provided as part of the contract, and how these will benefit/have benefited the mining operation involved. (30 points)
2. Provide examples of any measurable improvements as a result of the contract, for example, increase in safety, increased return, reduction in overall costs. (70 points)
